Give the Gift of Choice

At Symphonix, we understand the importance of recognizing and celebrating the dedication and commitment of your associates through many types of collection campaigns. Our team of experienced professionals is dedicated to guiding you through the entire campaign process to create something that your associates will truly value.

symphonix.agency/winter
GREAT IDEAS TO KEEP YOUR BRAND CHILL

Symphonix can make any of your campaigns simple to execute.

Choose the products you want to offer, and we can help you navigate the rest. From pushing the order links to collecting the orders, ordering products, and drop shipping directly to your employees. **We can take care of every step.**

STEP 1: THE FUN PART - SELECTION OF ITEMS

We kick off the process by helping you choose the perfect promotional items that reflect the values and appreciation you wish to convey to your associates. Whether it's custom plaques, engraved trophies, personalized apparel, or any other item that aligns with your brand, we'll provide you with a range of options to select from.

STEP 2: BUILDING ORDER FORMS

Once you've made your choices, our team will work closely with you to create a mobile-friendly, easy-to-use order form. Let your employees choose a single item, or give them the gift of choice to build their own kit! This will include all necessary details about the selected promo items, pricing, and any customizations that are available.

STEP 3: COLLECTING ORDERS

We facilitate a seamless order collection process through various channels, including online order forms, email submissions, or physical forms, depending on your preferences. Our technology ensures secure and accurate order submissions, and we can also provide assistance with order-related inquiries.

STEP 4: PLACING BULK ORDERS

To simplify the process, we aggregate all orders received and manage the logistics of placing bulk orders with our trusted suppliers. This step allows us to take advantage of economies of scale, reducing costs and ensuring consistent quality for all the promotional items.

STEP 5: DROP SHIP SELECTIONS

For even more convenience, we offer the option of drop shipping directly to the associates' preferred locations. This saves time and reduces the hassle of coordinating distribution on your end. We'll work with you to determine the best shipping options, tracking details, and delivery schedules.

STEP 6: TRANSPARENT REPORTING

We believe in full transparency throughout the campaign and provide easy access to order tracking and production status. These reports can be customized to meet your specific needs, ensuring that all orders are accounted for and meet your expectations.

At Symphonix, we are committed to making your associates' service campaign a harmonious and memorable experience for both you and your associates. Our comprehensive service ensures that every aspect of the campaign, from promo item selection to order delivery, runs smoothly and efficiently. We're here to create a symphony of appreciation that resonates with your associates and leaves a lasting impression.
